

HYDROPHOBIC

BREATHABLE

SELF-CLEANING

*Anti wetting - Will keep all wood surfaces dry.  
ROOFS / WALLS / FLOORS.*

### PROVEN PERFORMANCE

As a leading manufacturer, we have combined all our expertise with the latest nano technology to create a product, which gives wood surfaces self cleaning properties and extremely super hydrophobic capabilities.

**PROPERLA**<sup>®</sup>  
WOOD IMPREGNATOR

# SUPER HYDROPHOBIC CLEAR TREATMENT FOR ALL WOOD SURFACES

### MOISTURE IN WOOD LEADS TO ROTTEN SURFACES

Wet wood surfaces offer ideal conditions for the growth of microorganisms. Combined with UV radiation wood surfaces get dark and suffer irreparable damage (shrinkage).

### ***THE LIFESPAN OF SURFACES IS CONSIDERABLY EXTENDED IF THEY ARE DRY***

#### HIGHLIGHTS & PROPERTIES:

- Reduces moisture ingress - Extremely water repellent
- Super self cleaning - like a lotus leaf
- 10-15 year lifespan
- Can be applied directly to all wood surfaces
- Mimimizes the growth of microorganisms - thereby extending lifespan
